

Kaiser Permanente 2015 Sample Fee List¹

NORTHERN CALIFORNIA

As your partner in health, we want to help you manage your health care spending. Knowing how much you can expect to pay for care and services can give you peace of mind.

This Sample Fee List shows you estimated charges for many common medical services—like office visits, lab tests, and X-rays—when you receive care at Kaiser Permanente facilities.² Your charges may be different depending on the level of care you receive. Also keep in mind that some services may involve related services that have additional costs. For example, if your doctor removes a mole for testing, you'll probably be charged for the testing as well as the mole removal.

The amount you're charged for a service will depend on your plan, whether you've reached your deductible or out-of-pocket maximum, and other factors.

Use this Sample Fee List to help with the following:

- Choose the right Kaiser Permanente plan for your needs during open enrollment.
- Estimate how much you'll spend throughout the year for care and services at our facilities.
- If your plan comes with a flexible spending account (FSA), health incentive account (HIA), health reimbursement arrangement (HRA), or health savings account (HSA), estimate the money you may need to cover upcoming medical services.

For more information or to ask about a service not found on the list, please call the number on your ID card.

¹This Sample Fee List applies only to members who get medical services from Kaiser Permanente network providers.

²The estimated member charges in this Sample Fee List are valid as of January 1, 2015, and may change without notice.

If your health benefits are self-insured by your employer, union, or Plan sponsor, Kaiser Permanente Insurance Company provides certain administrative services for the Plan and is not an insurer of the Plan or financially liable for health care benefits under the Plan.
